

Memo

Date: Thursday 16th February, 2023
To: All Affiliates and Referee Coordinators
From: Nathan Loveday - Events Coordinator
Subject: 2023 JSC Southern Change to Playing Conditions

Good Afternoon All,

As advised to all affiliates on February 10, the NSWTA has been monitoring the predictions of extreme weather conditions for this weekend's Junior State Cup, Southern Conference. This communication also advised the risk mitigation strategies for the health and safety of all participants and referees.

*Following discussions with NSW Health in the past 24 hours and current forecasts, a decision has been made that **ALL ROUND GAMES will now be two halves of 11.30 min with a 2-minute break.** A decision on the format for the finals series will be determined during the course of the weekend.*

We also want to reiterate further the advice provided to Affiliates on February 10 that postponement of games into the evening is a real possibility.

Regards,

Nathan Loveday
Event Coordinator
